

Klasa 2BR – język angielski

Świat przyrody – rośliny i zwierzęta

Wykonaj poniższe ćwiczenia.

Wykonaną pracę proszę wysłać na adres e-mail: english@pisz.to

W treści maila proszę podać klasę oraz imię i nazwisko.

Czas na wykonanie zadania do piątku 22 maja do godz. 18.

PLANTS AND ANIMALS

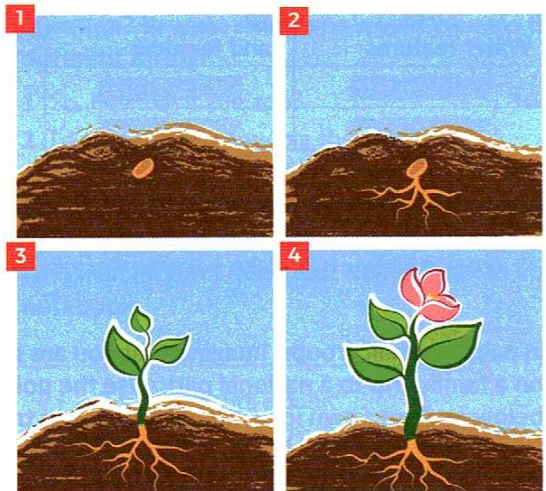

5 In pairs or groups, answer questions 1–8 about the animals in the box. Write the answers in your notebook.

- fox • ant • parrot • bear • duck • bee • lizard
- cow • butterfly • hippo • shark • crocodile • pig
- dolphin • donkey • goat • lion • spider • mouse
- elephant • giraffe • rabbit • gorilla • hamster
- tiger • snake • horse • rhino • sheep • monkey
- kangaroo • mosquito • penguin • whale

Which animals ...

- 1 can fly?
- 2 often live in people's houses?
- 3 are very noisy?
- 4 can swim?
- 5 are very colourful?
- 6 are often found on a farm?
- 7 are often kept in zoos?
- 8 might you see in a garden or park?

6 In your notebook, match each picture with its description (a–d). Then label the parts of a plant with the words in bold.

- a First, it grows **roots**. These grow under the ground, into the **soil**. They take water from the soil and use it to make food for the plant.
- b When the plant has grown more, it produces **flowers**. These have seeds that can make new plants.
- c After this, a **stem** grows out of the ground. This grows some **leaves**.
- d A plant starts as a **seed**. With light and water, it will start to grow.
